About Girls on the Run

Girls on the Run is an empowering program for girls in 3rd-8th grade—giving them skills and experiences to navigate their world with confidence and joy!

How do we do it?

Meeting twice a week in small teams, **we teach girls life skills through engaging lessons and fun movement activities.** The curriculum is taught by certified Girls on the Run coaches and helps each girl understand and celebrate herself, value healthy relationships, and realize her power to impact the world!

Up and running!

Running is used to inspire the girls and to encourage lasting health and fitness. At the conclusion of each program cycle, the girls and their running buddies complete a 5k running event that provides them with a lifelong memory of accomplishment.

The result? Healthy, confident girls who CAN!

Why it matters!

Girls today sort through countless messages about their worth... their image... their abilities. Girls on the Run helps empower them to be the authors of their own stories. **The transformation is unmistakable.** It's the light of discovery within each girl as she starts to understand and activate her limitless potential. Our girls' families see it in girls that are more joyful, healthy and confident. Their teachers see it in girls that are willing to share their thoughts or stand up for themselves and others.
