Dear Parents and Guardians:

The New Year is here which brings about planning for the 2021-2022 school year! One of the first steps in this process is student registration which this year will be online through Sycamore for Grades K-8. Aftercare, Daycare, and Pre-School will remain on paper for various reasons. All current St. Cecilia School families are offered the opportunity to register and ensure your child's place in the classroom before open registration begins with Open House on Tuesday, February 2nd. After this time students will be registered in the order that registration is received.

The 2020-2021 tuition rates are shown in the tables below. The Parish Finance Committee will meet to determine next year's tuition rates in the upcoming months. Please know that with the tuition freeze of last year that tuition rates are likely to increase slightly. To ease concerns about registering before the rates are set, you will have a 5-day period to request your registration fee back if the rates increase and will not work for your family. Please keep in mind that our primary goal when reviewing the tuition rates is to keep tuition rates low and affordable while also operating in a financially responsible environment.
